

SAUNDER WAS CURED

Lydia E. Pinkham's Vegetable Compound

Baltimore, Md.—"I send you here the picture of my fifteen year old daughter Alice, who was restored to health by Lydia E. Pinkham's Vegetable Compound. She was pale, with dark circles under her eyes, weak and irritable. Several different doctors treated her and called it Green Sickness, but she grew worse all the time. Lydia E. Pinkham's Vegetable Compound was recommended, and after taking three bottles she has regained her health, and is now a healthy girl. I can recommend it to all female troubles."—Mrs. L. A. Saunders, 1109 Rutland Street, Baltimore, Md.

Thousands of such letters from mothers endorsing their grateful praise for what Lydia E. Pinkham's Vegetable Compound has accomplished for them have been received by the Lydia E. Pinkham Medicine Company, Lynn, Mass.

PUTS AN END TO STOMACH MISERY

Indigestion, Gas, Heartburn, Dyspepsia or a Stomach-Headache Vanish and You Feel Fine in Five Minutes—Stomach Trouble Will Be Ended for Bulletin Readers.

Every family here ought to keep some Dosepsin in the house. If any one of you may have an attack of Indigestion or Stomach trouble at any time, day or night.
This harmless preparation will digest anything you eat and overcome a distressed, out-of-order stomach five minutes afterwards.
If your meals don't tempt you, or what little you do eat, is not digested, or you have a lump of lead in your stomach, or if you have heartburn, that is a sign of indigestion.
Get your Dosepsin for a 50-cent bottle just as soon as you can. It will be the best thing you ever had, and it will cure you of all stomach trouble.
These large 50-cent bottles contain more than sufficient to cure almost any chronic case of Dyspepsia, Indigestion or any other Stomach trouble with acid, no stomach gas or heartburn, no nausea, no belching, no flatulency, no indigestion or intestinal griping. This will all go, and, besides, there will be no sour food left over in the stomach to poison your breath with nauseous odors.
Dosepsin is a certain cure for out-of-order stomachs, because it prevents fermentation and takes hold of your food and digests it just the same as if your stomach wasn't there.
Relief in five minutes from all stomach misery is at any drug store, waiting for you.
These large 50-cent bottles contain more than sufficient to cure almost any chronic case of Dyspepsia, Indigestion or any other Stomach trouble.

UNINSPECTED WESTERLY PROPERTY

Representative of Bradford, England, Syndicate Looks Over Arnold Real Estate—Work on Big Plant at Niantic to Begin May 1st—Crushed Stone for Bay Street Improvement—Prospective Cottagers Visit Watch Hill.

The official representative of the Bradford Dyer's association of Bradford, England, who is to supervise the work of construction at Niantic, where eventually a million-dollar plant, including the cost of land, is to be installed, arrived in this country yesterday, came to Westerly on Wednesday, and inspected the property recently purchased in the Niantic section of the town. In company with James H. Hurley of Providence and Congressman George H. Utter and Senator Louis W. Arnold, owner of the Westerly Woolen Mill company, he also made inspection of the Arnold property with a view to purchase, but no definite decision was reached by Mr. Thornton, although he declared the plant was well located for an increasing business.

Mr. Hurley stated as his opinion that it was not the intention of the Bradford company to purchase the Arnold property, and that he did not believe the syndicate intended to purchase any more property at present in the town of Westerly. Mr. Hurley has been acting as agent for the company in the property negotiations and is familiar with the company's plans. He cited the fact that the Arnold property is situated on a hill overlooking the Niantic river, where the proposed factory is to be located. It would not be practical to combine the properties.

The English syndicate owns the William Pike company's bleachery and about 800 acres of land along the banks of the Pawcatuck river, convenient to the tracks of the New York, New Haven & Hartford Railroad Co. in the village of Niantic, and included in the purchase is the use of the celebrated Pike black dye, the ownership of which is retained by William Pike, who is a director in the syndicate. Within a short time the construction will be commenced of a mammoth bleaching and dyeing establishment, which will be a branch of the combined plants in England. Mr. Thornton is authorized to expend \$10,000 at the present time for the establishment of the syndicate's plant at Niantic. Surveys have been made and it is said plans almost perfected and the contract for construction will be awarded so that work can begin the first of May.

It was on St. Patrick's day in the morning, and very early in the morning, at that, when several young men of Irish descent, but thoroughly American in their sympathies, decided that the liberty pole just located in front of the Pawcatuck courthouse should not be a bare pole on "the day we celebrate." They had no Irish flag of green with golden harp, so they sewed strips of green material together of the size and hoisted the flag, an emblem of the Emerald Isle to the peak of the liberty pole in Liberty street.

These same young men as they doffed their hats when the great flag just after midnight reached the peak, resolved that they would hoist the stars and stripes to the foretop on the Fourth day of July next, purchasing the flag from their private purses, provided there was lack of cash and patriotism on the part of the selection, or the flag should be procured a suitable flag by that time.

In connection with the improvement of Bay street at Watch Hill, which includes a change in grade and widening of the street ten feet, the town is to be considerable filling in, and plans are being made to secure and transport the required material, which will include a lot of chip and crushed stone. This stone will probably come from the Westerly Granite company property on the line of the Ashaway Westerly trolley road. Two cars are being prepared to carry the material from the quarries to Watch Hill and at present constructed would have difficulty in making the turns into Broad and Main streets.

To overcome this, special survey has been made of the trackage at these points and from these plans the coupling devices on the cars will be changed that the sharp curves will be really made. It is planned to have the work in Beach street completed before the opening of the summer season.

Postmaster Charles J. Butler, in common with other postmasters in the state, has been granted leave of absence for not more than five days to enable him to attend the meeting of the New England Postmasters' association in Boston, April 12.

A topographical survey has been completed of the states of Rhode Island, Connecticut and Massachusetts by the geographical survey department. The data of this survey are being bound in a giant atlas which will contain about eight thousand sheets of maps showing the topographical features of the United States. The survey is being made at the rate of 20,000 square miles annually.

Dime Social Provides Pleasure—Wint Weather—Feast for Members of Mistuxet Club.
Thursday afternoon the Ladies' Home Mission society met at the church and arranged some sewing for the work during the balance of the season.

Dime Social.
The young people of the Baptist church held a delightful dime social. Many droll experiences of a dime were given. A large number attended and enjoyed the programme arranged by the committee. Refreshments were served.

W. Kneeland of Rochester, N. Y., was a business caller here Thursday, 16 degrees on Thursday morning. Thursday morning the temperature took a severe drop during the early

hours, with a light fall of snow. At 8.30 a. m. the thermometer registered 18 above zero. Only a few degrees difference in the temperature was noticed during the day.

Taken to Hospital.
Otis Anderson, who has been suffering with a severe attack of appendicitis, was taken to the hospital at New London Wednesday afternoon.

Mistuxet Club Feasts.
Thursday evening the members of the Mistuxet club held one of their fine suppers at their club room. Following was the menu:
Roast Beef.
Mashed Potatoes. Mashed Turnips.
Boiled Onions.
Celery. Peas. Asparagus.
Pies. Coffee. Cheese.
Cigars.

The committee in charge was Eugene Hyde, James Comstock, John Ryan, H. P. Noyes and Alexander Lopez. C. B. Crandall was steward.
